To Whom It May Concern:

This letter is to certify that I have sufficient funding to support myself (and any dependent family members who will accompany me) for my entire stay in the United States, including housing and living expenses. I will mail funding documentation to my inviting Brown University department as indicated in the instructions of this application.

I agree that my stay in the United States will be primarily to engage in a student internship program rather than to engage in employment or to provide services to an employer.

Furthermore, I understand that I may participate in a student internship program as a J-1 Exchange Visitor in the Student Intern category for a maximum of 12 months per degree/major only and that extensions beyond 12 months are not possible.

I understand that I must return to my academic program outside the United States to complete a degree from my institution abroad after completion of the U.S. student internship program.

The student internship at Brown University will assist me in fulfilling my educational objectives and academic course of study at my home institution abroad by [indicate what educational objective will be fulfilled by participating in an internship program at Brown University].
